Chapter IV

Let there be light

	Exercise 01
	A glimmer of hope
Turn-in directory : *ex*01/	
Files to turn in : `Makefile, *.c, *.h`	
Allowed functions : `avr/io.h`	

- You must write a program that turns on the LED D1 (PB0).

- You must use only AVR registers (DDRX, PORTX, PINX).

 You must explain the function and values assigned to the registers in comments every time!
